HIGH STANDARD IN OPENING LACROSSE GAMES

Interesting Series to be Played on Saturday

Great culturians and a high standard of play marked the opening of the lacross season. Extra entries have brought the lat of team to 63—the greatest on record. The season's programme will not be issued until next week.

THE best match on Saturday abould be at Library, where the stodents will meet Online and Market Caulfield. Last werk Michael, from Perth, was one of the best men on the University side, and is a decided acquisition. Old players in Saturday Rebounder in South of the American State of the Saturday Rebounder in South of the Saturday Rebounder in South of the Saturday Rebounder in Saturday was particularly impressive, and to pass of the Saturday was particularly impressive, and they should be a better side than for many year pass.

The appeal by W. Harrison against the refinal of his permit from Malvern to Caulfield
was dismissed by the investigation committee.

Caulfield are disappointed, as Harrison would
have been of great assistance.

BOTH WILL IMPROVE

Hawthorn will be at home to Brighton, and with the teams of almost even strength there should be a close contest, Brighton and Hawthorn at present are having rather leas times, but it will not be long before both aides are greatly improred, as several players have yet to come along.

Gimn, who was hon, secretary of Mairra hat season, is taking up a legal practice in Balarata, and will be playing for one of the country sides.

M.G.C., showed a great improvement on the form of last season. The kyraly to the cricket club form of men Ilke Wrign, McIodos, Westers and Russell is refreshing. Year after year they belty later, after a long to the country of the sawhom last week was Leigh, from Inchesse, the cricketers should do sell; although Maivern will no doubt prove too experienced to overtoone on faiturely.

Williamstown, with fine recruits in Hicks and Williamstorn, with fine recritic in Illcha and P, Dancon, are as strong as ever. Fowler, another recruit from the junior tenn, should make good. Last week he was played out a contilon. More could be ret out of him there up the field on Saturday against Camberwell at Canterbury C.G. The sendders should win, but Cambervell will no doubt be able to put up a better performance at home.

Cantwell, who kept person for Cambervell, has been granted a permit to M.C.G.

Coburg, with Marshall, the interests player, as capiain, seem to have a great side, and with a little earlier attention to training might have besten Williamstown. The defence get a little unsettled in the final stayes, and the

LACROSSE CONTROL

Move To Abolish Elected Members

AS a result of a largety signed requisition the hon, secretary of the Victorian Largesse Association has called a special general meeting of the association at the Amateur Sports club on Wednesday evening to consider a notice to alter the constitution as that the office of elected members of the VLA. May be abolished.

slected members of the V.L.A. may be abolished. The constitution of the V.L.A. provides for eight elected members in addition to the clush delegates and executive officers. The gonese of the motion assert that the poverning body is at present loos unwieldy, and that the shollition of the elected members, would reduce the size of the association, thus expediting the transaction of business. The proposal is crusting considerable instruct among increase followers, and Wednesday the meeting promises to be a lively cone, as no doubt there will be much opposition to the surgested alternation.

Malvern and Williamstown Draw

The mostler of Malvern and Williamstown alwars attracts a bir attendance, and Saturday's came provided one of the most thrilling staged by these teams. E. Raven made his first appearares in senior ranks, and he acquitted himself well with Malvern. From the face-off Malvern attacked, but faulty passing spoilt several scoring opportunities. At quarter time the score was 3-2 in Malvern's favor. Dashing obtfield work by Hick emplied Jenkins to reduce the leeway, and a series of passes between Crooks and Read culminated in the lastnamed making the sores level-4 all. An evasive run by Harrison resulted in Malvern being ahead-5 goals to 1-at half time. Calthors and It. Next year, when its is to show why South Austurday, and to explain that it was not sauch, a disgrace as many seemed to trails takes its lacrosse seriously, and trails takes its lacrosse seriously, and suggests. Certainly the action of the will benefit by Saturday's paintul ex-Adelaide selectors in placing so many portence, young players in the team, new to biglacrosse, was a drastic step. Still. I

beaten any team that had been pitted against them.
Last year in Perth our young side tiomoralised the older South Australians, perhaps not so severely as on Saturday, but enough to show that

new material was wanted.

There were many young players in the visiting side of great promise, and as Mr. Rule, manager of the team, remarked, the side was selected

in there was ever such a disappointing contest as that played hat Saturday.

At no stage did the South Australians produce anything like the form usually shown by teams from that State There was no team work, none of that hard, fast, dashing her see that we have become so used to he Adelaide teams. In fazt, one can say it was, perhaps the poorest side that has ever represented South Australian that was a skincht unfortunate for notwitheranding the dreadful weather, a very big crowd witnessed the game, and spectators who were severed leaves for the Willie the Soc h. Australian falled badly, there is no loubt about the superiority of the Victorius, I doubt if ever a finer or better halanced 4% has appeared in the dark blue uniform. There was not a weak link in the whole combination, ferm Sil Wilson, in goal, river, d. d. with the light to Jack Beattle, in the first home position. I am sure that at the moment the Victorian team could goally account for any side selected from the rest of Australia.

The present satisfactory position of Victorian lacrosse is due to two factors. First the judicious selection that has enabled the players to work. In together, each man loing, a specialist in his position. Secondly, the recognition of the young player. Thus we have now a combination of youth and experience that by its machine-like precision, and remarkable dash, is almost unbeatable in Australian lacrosse.

My reason for making these combination for the show why South Australian lacrosse.

Why reason for making these combination by the combined with the victorian player of the winners. No doubt, much good will am an apportunity to be dangerous. Willie naturally very disappointed at their noor performance, the South australian becrosse.

Why reason for making these combination of the young player. Thus we have now a combination of youth and the produce of the players to work in the produce of the players to work in the produce of the players to work in the players to work in the players to work in the players to work in

Success of Kalinga

By "FIELD CAPTAIN."

The replay at New Farm Park on Saturday of the senior lacrosso final between Kalinga and Toombul, made necessary on account of the six all draw in the previous week, was a closely contested game, but this time Kulinga were able to secure the lead in the last stages and keep possession of the ball until the end. The final scores were 7-6 in Kalinga's favour. They deserved the victory, playing a

more consistent game. The ground was unsultable for a hard game, the top-dressing preventing both sides from picking up cleanly and slowing up the movements consider-ably. Pieces of glass in the new soil were responsible for injuries to

Kalinga attacked first but the effort came to naught, and play was trans-ferred to the oher end. Hubbard made a great effort to score, but could not succeed, and ltadford was the medium by whom Toombul opened their account. The Toombul attacks were in form and McArthur was forced to live up to his reputation as a goalic of class. Buist showed his ability when he had in to put Toombul further ahead. From the face off Boucaut secured

FINAL QUARTER.

The pace continued willing in the final quarter, and began to show its effects on some of the players, Tanner evened the scores when his place mar left him to check Tealby, and soon afterwards Kalinga supportors were disappointed when Tealby's shot was deflected over the net. Lal Tealby was unfortunate in being caught between two opposing players going for the ball, and the game was again held up when Gleadhill at one end and Brown at the other suffered from cramp.

Continued attacks by Kalinga were brought to auccess, when Purcell took advantage of a diversion to dodge his man and score, giving Kalinga the lead.

With only two minutes to go, Kalinga had no difficulty after securing posses-son in retaining the lead.

Final scores:-

The game, though hard and tast, was not as good as the previous one, and some decisions against both teams caused considerable unnecessary barracking by a portion of the crowd of enthusiasts, in view of the conditions, entinusiasts, in view of the conditions, both teams are to be congratulated on the display and Kalinga especially on the crowning achievement to their club's work this season. The trophies won are the Hadley Cup, and Od Playera Shield in the senior grade. The Teather Cup, in the B credit of the Cup of the Resident Cup of the the Tealby Cup in the B grade, and the John Reid Cup in the C grade. These were the only grades in which Kalinga competed.

Norman Park defeated Toombul, 8-5. Clayfield defeated Kalinga, 5-1. YERONGA V. CHELMER.

In the Yeronga v. Chelmer match, Cross gave one of the finest exposi-tions of the art of keeping goal that have been seen here. His anticipa-tion and interception were excellent, whilst his clearances were heartbreaking to the opposing attack. To E. Purguhar in the attack and Cross-in goal can be attributed half of the credit for the Yeronga success. After Farquiar left the field in the third quarter when Borry was hurt, only two goals were placed to the credit of the royal blues, one of which was knocked

in by the opposition. Farquhar was in great form, scoring four of the seven goals registered while he was in the game, and giving Berry a very lively time. Berry was unfor-tunate when, in endeavouring to body check Farquiar, he collided with a team mate Wood, and twisted one of his legs, putting him out of the game.

The stick work generally was not of a very high standard, though occasionally glimpses of brilliant play were seen. Chelmer are unfortunate in not having sufficient support for J. Brew, who did hard useful work with no tangible result. A little more initiative on the part of Chelmer's attacks might easily have altered the result, despite

McDonald in Chelmer's goal was not at his best in the early quarters but towards the end of the game he showed great ability. In addition to E. Farqugreat ability. In addition to E. Farqui-har, J. Farquhar, Dyer, Wilson, and Woolston were successful for Yeronga. The display by the Yeronya attack was the most combined they have given for some time, whilst their passing at times was very pleasing to the spectators. Chelmer made desperate efforts in the

last quarter to retrieve the position, but the loss of Berry was felt, and every attack on the Teronga goal was quickly followed by counter-attacks which were difficult to check. Chelmer's only suc-cess was due to J. Brew, who thor-oughly deserved it.

Mr. S. J. Smith had charge in the central position, and was not called on to award an unusual number of penalties. The final scores were 9-1 in Teronga's favour.

SUCCESS OF KALINGA.

By defeating Toombul, Kalinga cannot be deprived of possession of the Hadley Cup, having an advantage of Hadley Cup, naving an auvantage of four points and only one match to play. Both teams were without several of their exclusive players, Buchanan, of Kalinga, and Jackson and Gough, of Toombul, being unable to participate. Mr. II. Kilgour had charge of a good

game which was ton by Kalinga by

Kalinga's attacks were more impres-sive in the opening part of the game, but appeared to slacken off later, whether because they thought they had the game won or not is uncertain. If the Toombul shooting had been more accurate at one part of the game the advantage would have been very much

Hubbard and Boucaut were the bright stars in the tricolour firmament. Boucaut played one of his best games to date, and put Martin out of position so often that Gleadhill was repeatedly called on to assist. These two mono-polised Toombul's scoring, and several goals were the result of good combined work between them.

work between them.

I. Tealby proved to be a thorn in the side of Toombul's defence and with his brother Allam worked some nice combined moves resulting in one or the other netting. Tanner and Roy Tealby on the light blues 'wings were always alive to eppertunities and both sessited in increasing the Kalinga total. Lenton had the picasure of Pursell and kept blue will out of the rice. cell and kept him well out of the pic-ture all afternoon, but otherwise the Toombul backs did not have too much success, being continually worried by a man breaking in.

Next week's games will not affect other the Hadley Cup or premiership competitions as a result of the wins by Yeronga and Kalinea, and the re-sumption of fixtures after the inter-State match will be eagerly awaited.

Kalinga again defeated Clayfield; this time the margin was greater, namely 10-2. Clayfield lacked in team work, and also suffered by reason of several of their attacks discriminating too obviously in their choice of men when passing the ball. Kalings, on the other hand, played as a team and showed no preference, with the result that their work was effective and fruitful, J. Conroy, Quina, Colle, Borger and Holloway, scored for Kalinga, and Tritchard and Ellerman for Clayfield.

Several players were penalised properties of the firm action by the referee was necessary. McLeed, Isaks, and Hamlet again proved to be the accoring element in Wynnum ranks Nudgee continued their improved showing by defeating Chelmer 6-3 in a good even game. R. Blas, S. Blas, Pearce, and N. Corbett scored for Nudgee, and Barnard, Gower, and Cooper for Chelmer.

Nudgee, and Barnard, Gower, and Cooper for Chelmer. Tingal were surprised to gain vic-tery against the heavier Toombul team 6-4. Lenton and Cunningham scored for the losers and Bennett and Corr for Tingal.

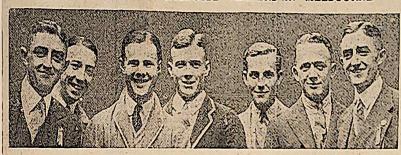

C GRADE.

Kalinga lost the honour of being the only undefeated team in this year's fixtures when Clayfield won, 5-1 against them. Askew, Clark, Hopkinson, and Walsh scored for Clayfield. and Bertwistle for Kalinga.

At Norman Park the home team de-feated Toombul, 8-5, though the lat-ter showed much improved play on previous games. Bradnam, Quall. Pearson, and Payne scored for Norman Park, and O. and J. Peachey and Macklin for Toombul.

THE PLAY.

Play opened at a fast bat, the ball going up and down field quickly. The first dangerous more camo from Jack Beattie, the Victorian's clover leader, when Cross was called upon to turn saide a hot shot straight to the top

Queensland opened the scoring, E. Farqubar netting from a pick up in front of the goal. The hom. side continued to press, Brew just missing after receiving from Hubbard, when the latter was cheeked. Another defermined effort by Hubbard shortly afterwards also same to nought.

Victoria were really playing continually to the celebrated Roy Read,

but the young Toombul defender was making a surprisingly good job of enceking him, frequently robbing the flying winger at a critical stage. The equaliser came when a quick pass to Beattie just as quickly flew into the

CONTRAST IN STYLES,

The Victorian backs were combining cleverly to clear the ball from their danger zone. Another feature that took the eye was the contrast in the styles of play. Victoria adopted a very open, long passing method of play, and were never afraid to throw right across the field when in difficul-ties. Queensland played their usual close game, with short, snappy pass-

The Victorian backs, however, were adopts at intercepting at close range, while Crick revelled in intercepting the long throws at the other end. With the defences on top it was some time before Tealby gave Queensland the lead with a bot shot into the top of the net. Ere the change over, Read attracted the attention of the Queens. land backs, with the result that F. Deacon, receiving quickly, nettedAmidst excitement a shot straight | at the net by Tealby war finely turned side by Dentry. With Cross out of pol, Wrixon missed, but Puddy juickly secured, and coming round the ide scored, giving Victoria the lead for he first time. Immediately afterwards Scattle dodged and called for the ball, but missed the pass from Puddy, which went straight in with Cross unsighted.

WONDERFUL EFFORT.
Gough ended with a weak short, after Avest had made a typical run down the ield. Hubbard then brought off a wonerful individual effort to make the core 3-4. 'The next thrill was when "nddy's dangerous angle shot hit the ide of the net; then Wrixon forced

Victoria continued to pepper Cross. nd Benttie went round Glendhill to ful low shot. 5-1. A good check from hehlnd by Olendhill saved what looked like a certain gool from Beattic.

Beattle was playing a great game for man who fractured a rib last Saturby in a practice game. After Hubbard had again got past Reid, but finished ith a bad shot, half time sounded with the score: Victoria 5, Queensland 4.

KEEN EXCHANGES.

E. Farquhar was shifted out on tofthe wing on resumption, Brew going late the front line. Victoria pressed, and Fuddy scored after several unsuccessful attempts. Beattie then beat two men to net with a brilliant shot. Victoria seemed to be going away from their opnonents at this stage, with the score, 7-

Queensland now began to wake upand Brew was nearly in, but Dentry cleared. Victoria were giving a clever exhibition. Tranter made an opening for Read, who just missed. This move was reversed, but Cross cleverly put the

hot over the top.

Tealby reduced the lead when he received from Gough, when in a good posttion. Tealby added another when he falled to collect, but quickly recording went right in to score. 7-6.

The crowd went frantic when Hubbard eleverly cluded Reid to even the ccores again. This score held till threequarter time.

EXCITING PLAY.

Queensland, urged on by the 'rowd, went at it hammer and tongs, Brown made a spectacular run through, and shortly after clever combination by Gough, Hubbard, and Tealby, which

Gough, Hubbard, and Tealby, which brought the crowd to its fest, ended in splendid save by Dentry.

Hubbard, who was starring in the Queensland forward line, sould not budenied, and a back-hunder gave Queensland an 8-7 lead. Gough, who was playing a useful game, but she ting badly, missed an open goal when West came down. The scene was a given trunched down. The scene was a given trunched

missed an open gool when West came down. The score was again brought level when Puddy got in a lard shot.

Crick brought off a brilliant intercept when Beattle was looking dangerous. Elphinstone was having considerable trouble with the Colourg deaf mute, Puddy, who seemed to be tro clover for bim. Puddy put in another hot one which Cross stopped, but could not clear, and Wrixon knocked the bail in again. Victoria, 67 Queensland, 8. Victoria, 0; Queensland, 8.

PLENTY OF THRILLS.
It was anybody's game a this stage. and both teams were given the crowd plenty of thrills. Queenshind, led by Hubbard, were combining pleely, but frequently a bad pass to Tealby spoilt their moves at a critical st ge. Deacon was marking him splendidit, frequently taking the ball right off his tacquet.

With a goal lead and full-time drawing near, Vies were packing their defence Queenslanders to get through. Brew, however, equalised after a long score-less period.

Queensland's fato was scaled when Cross attempted to intercept a pass to Beattie, but deflected the ball into his own net. Read immediately added another. Then Cross was called upon to savo a close free shot from Beatic-Time expired shortly afterwards, with game, 11-0.

Whilst the marcons were in the as-cendant in the third and portion of the fourth quarters and playing a great game, it appeared as if an opportunity to disorganise the Victorian ranks sy to disorganise the Victorian ranks was jost, for their defence men were playing out of position badly. By endeavouring to get in and score instead of feeding Teniby to the maximum, however, the Queensland attacks alsowed the chance to slip and the experience of the Victorians soon enabled them to again assume control. The whole game was brilliant and The whole game was brilliant and abounded with thrills, every player giving of his best.

The game was the seventh between the two States since 1918 and of these Queensland has won only one. Whilst Victoria is the recognised premier Stato in lacrosse, the standard in Queensland has been improving rap-idly and enthusiasts were confident that the visitors would have to fight hard to achieve victory. The narrow margin between the final scores indicates that they were right and is gratifying, especially as the Victorian team is much stronger than that which previously visited Brisbane.

BRILLIANT SAVES.

From the start the game went with a awing, and play rapidly alternated to each end of the field. Shaw was successful in the first face off and Queensland attacked hotty, but J. Reid was on the Job, and the ball was trans-lerred to Victoria's area, where a hot attack was stifled by the maroon de-fence men. Hubbard tried hard, but Dentry showed his wizardy in goal and relieved to the wings.

Puddy, who is deaf and dumb, secured, and very nearly heat Cross, who was earning the applause of spectators for repeated brilliant saves, Brow and Hubbard were engaged in a passing movement, when possession was lost in front of Victoria's goal, but 12. Farquhar quickly snapped up the ball and opened the scoring for

quick passes that were considered characteristic of them they were throwing at times right across the field. The object probably was to save the energy of the attack, as after two nights in the train they were not in the best condition for a hard match. Queensland were next to score, again from a scramble, when L. Tealby made

THE SECOND HALF.

On resumption Victoria attacked strongly and Puddy carned the plau-dits of the spectators by excellent work. He got in close by means of a corkserew run, transferred his crosse from right to left hand as required, and threw a beautiful goal. The ease with which Puddy threw with either hand was remarkable, and a lesson to every local attack.

Victoria continued in scoring vein. Beattle again netted, shooting while alling to the ground.

Queensland made greater efforts and Queensana made greate the control of the situation. Cross also was called on to give of his best and responded well. Tealby, Shaw, and Hubbard combined to work Tealby loose and enabled him to see the control of the c

INTER-STATE TRIAL.

For the purpose of assisting the se-lectors (Messra, J. Hiron, S. J. Smith, and R. A. Littledike) in making their final choice of the 12 men to represent Queensland against Victoria next Saturday at No. 1 Exhibition Oval, a trial game was played at New Farm

The teams took the field as fol-

Possibles.—R. Cross. R. Gleadhill. A. Brown. R. Tealby, L. Gough, L. Tealby, E. Hubbard, L. Radford, M. Brew.

Probables.—A. Tealby, P. Berry, G. Farquhar, H. Elphinstone, J. Morton, K. Buchanan, J. Shaw, H. Parquhar, J. Brow, E. Purcell, E. Farquhar, S. Boucaut

Rain was falling when play commenced, and conditions were not favourable to fast working. As a result those players who did not put the same zest into a game that has nothing dependent on the final result were net among the attacks was not a conspicuous feature of the game, though at times the Possible attacks showed great possibilities.

In the first quarter Possibles domi-nated play, and although the Prob-ables combination made several sor-tice none were successful. Les Tealby, and Hubbard showed out as a pair with great scoring ability, though the first goal was scored by R. Tealby, who received from Hubbard when the latter drew Shaw. Les Tealby netted next with a neat backhand shot after, some good passing movements. M. Brew next scored in characterists manner, shooting hard and true with only the minimum of advantage on his place man. Before the first interval Hubbard went through to further in-

crease the Possibles lead.

Possibles 4, Probables 0.

The change over did not apply to the goalles, who were tested out against both attacks. Probables now livened up and began to score, the first going to E. Farquhar, who beat his man, while from the ensuing face-off J. Brew showed better pace than West and receiving from Purcell had

no difficulty in scoring.
Possibles now came into the play again, Hubbard adding one, and then L. Tealby followed sult. Probables, however, were showing great form and keeping the defence busy, results coming when Boucant scored, followed shortly by E. Farquhar. The latter player again showed up in a brilliant individual effort, going round his man while taking a great one-hand catch and scoring nicely. Half-time scores: Possibles 6. Probables 5.

After the interval it was seen that the selectors had changed the teams considerably, and were experimenting with a considerable number of players, Further changes were made as the game progressed, one player being asked to change his jersey three times. The centre proved to the source of most attention and severalplayers in succession were tried out against Tealby. The scoring, however, continued to be monopolised by the same players, who eventually were all included in the Possible ranks, From apart from individual efforts, lacked

In the last quarter the play improved somewhat, and some nice combined Tealby led to both Hubbard and Tealby adding to Possibles' total. A repotition of the open-play with fast passing which now began to develop should be the right tactics to meet Victoria with next week. Probables made several efforts to score, but the alipfast movements from being executed. H. Farquhar scored from straight in front with a good shot from a pass from the side. With Roy Tealby add-ing another for Possibles the game finished with the final scores:-

QUEENSLAND TEAM.

On the conclusion of the trial game the selectors indicated that the following players would comprise the Queensland representatives to most Victoria next Saturday:-

Goal, R. Cross (Yeronga); point. A. R. Crick (Kalinga); cover point, R. Gleadhill (Kalinga); third man, IL Elphinstone (Chelmer); right defence, A. West (Yeronga); left defence, A. Brown (Teombul); centre, J. Shaw (Toombul); right attack, L. Gough (Toombul); left attack, M. Brow (Chelmer); third home, E. Hubbard (Toombul); second man, E. Farquhar (Yeronga); home, L. Tealby (Kalinga).

Reserves, E. Wilson (Toombul), N. Radford (Toombul).

Meeting after the game, the team members elected E. Hubbard captain and A. R. Crick vice-captain. The team will meet at New Farm Park on Tuesday for practice.

RI GRADE.

The match in which greatest interest centred was that between Clayfield and Norman Park at Hendra, As anticipated, the game was productive of good lacrosse and very even scorlead and maintained it to the end, finishing at 5-4. It would be diffia cult to discriminate amongst the players, though on account of being given too much freedom by his place man Ellerman was the most prolific scorer. For Clayfield, Ellerman (4) and W. Clark netted, and for Parks J. Clarkson (2), Dobrich, and Coghlan were successful.

Yeronga gave Tingal a close run for Yeronga gave tingal a close thit of the first half of the game at Wymnum, but in the final sessions Tingal asserted their superiority. The first quarter was scoreless, with play rather scrappy, At half time score were 2 all. At the end of the third were 2 all. At the end of the third quarter Tingal had advanced 3 to Yeronga's one, while in the final quar-ter Yeronga were not able to advance ter Peronga were not also to advance further, and Tingal added another 3 to win 8-3. Scorers wero: Tingal, C. Cory 5, S. Murray 2, Walker and for Yeronga Sisley (3) and Dear.

Eagle Junction did not put up such a close fight against Kalinga as on the previous meeting of these teams, going down on Saturday to their op-ponents at 9-1. Borger maintained the improved form he has been showlng for Kalinga and netted 4 with Conroy (3) and Quinn (2) as the other scorers. Macfarlane alone was suc-cessful for Junction. B2 GRADE.

Wynnum again showed their ability to put up big scores, this time against Nudgee on the latter's ground. The final score was 15-1. For the winners lasks was the record holder with 7, followed by Governs (3), McLeod (2), Clark (3), and Mount, Corbott netted for Nudgee. Chelmer reversed the result of last

rounds meeting against Toombul and came out victors at 7-5 in an even game at Graceville, Gower and Mulled with three each, and Bryce were the scoring element in Chelmer's attack.

Tingal, after establishing a useful

lead from Y.M.C.A., were lucky to keep the result to a draw at 5 all. Weight and determination were the factors which enabled Y.M.'s to make up the leeway. Tingal were much the better team in stick work and tactics, ale though long passing lost them many, extra goals. The Y.M.C.A. team is improving, but one-handed attek work mars their play and penalises them by the tendency to "free arm." The scores at three-quarter time were 5-3 in Tingal's fayour.

C GRADE.

Chelmer had little hope of downing Kalinga, who remain unbeaten this season, and could not do better than 0-9 against the home team. Tracey. (2), Bowman (2), Howden (2), Bertwistle (2), and Bowers scored for

Norman Park held Clayfield to 1-0 at half-time, but in the second half Clayfield were much improved. The latter won by 4 to nil.

Con O'Reilly made a welcome reappearance with Chelmer, and with F. M. Brew has strengthened Chelmer's attack immensely; in fact, Kalinga were hard pressed to keep the lead in the first half. Chelmer opened with a determined attack and Brew began the scoring. Kalinga retaliated through Les. Tealby. Scores remained station-ary to the first interval at Kalinga 1,

Chelmer 1.

On resumption Roy Tealby came through in his usual burst and put Kalinga one ahead. Los. Tealby repeated the dose. Cholmer then attacked hotly and Ron. Major scored a nice goal for the whites.

Half-time score: Kalinga 3, Chel-

Crick was the rock in Chelmers' course. Time after time he turned dangerous moves by Chelmer into an advantage for the light blues. On resumption Chelmer, had the misfortune to score one against themselves, when the ball was knocked in by Barnard after a scrimmage in front of goal. This disappointment rather took the edge off the keenness of Chelmer's back line, and Les, Tealby and Tauner were able to secure ad-vantages which resulted in scores. Three-quarter scores: Kalinga 6, Chel-

In the final quarter both sides were keyed up to the maximum of effort and the rate of scoring was accelerated, Les and Roy Tealby scored for Kalinga, before Major added one to his total for Chelmer. Determined to make a certainty of the result Wil-son and Tauner added one for Kalinga. Park, whose attack employed poor tactics in attempting to force a way through Clayfield's heavy defence. Clayfield played the better game and on the day well merited their victory. Johnson was the outstanding player in the losing team, for whom J. Clark-son scored twice. For Clayfield the scorers were Gault (2), J. Clark (2), Britten (2), Pritchard and W. Clarke. Kalinga were not able to overwhelm Eagle Junction as expected by many. The game was acrupy, and there was little brilliant play. Borrer (1), and J. Conroy scored for Kalinga, and Caton and Jerome for, Eagle Junction. Tingal met Yeronga at New Farm, and in the first and third quarters, neither side scored. At half time the score was 4 nil against Yeronga. In the final quarter Tingal added another to their total. Robinson (2), F. Cory, Walker and Graham were the scorers. Eagle Junction as expected by many.

A fairly fast game in which the goal-keeping for both sides was the outstanding feature, resulted at Grace-ville when Toombul and Chelmer met. Cunningham (5), Boucaut (2), and Lenton (2), scored for the winners, and Sowden (2), Gower (2), Mullin

Gough continued to be the outstand. ing attack for Toombul, and after Bou-cout, who was receiving a rough time from West, the opposing captain had added one, Gough was rewarded with two in succession.

Eric Farquiar, who had been dan-gerous in the royal blue attack, added two to Yeronga's total. Half-time scores: Toombul 6, Yeronga 4.

Soon after resumption Hubbard received a nasty blow over the eye which necessitated ambulance attention and caused his retirement from the game. With Radford an absentee through illness, Toombul's attack fell on the shoulders of Gough and Boucaut, and with the latter suffering a strained sinew they were hard pushed to hold their own.
